

Moodle is Radiology Education Seminar's Learning Management System (LMS). You will have access to your course's homework assignments, all practice/review questions, exit exams and other course materials and functions via Moodle. Moodle is a web-based program; you need a computer with Internet access and an Internet browser to use Moodle for your course.

## Technical Requirements

Before logging into Moodle, confirm that your computer hardware, software and settings are correct and compatible with Moodle requirements to take your courses and be able to run the LMS.

## Computer Requirements

### For PC computers:

XP, Vista, or Windows 7

### For Macintosh computers:

OS X

### For all computers:

- 256 MB of RAM (or more)
- 1 G of free disk space
- 56 K or greater modem (DSL or cable recommended)
- Internet access either via modem and phone line or a direct network connection (**high speed BROADBAND access is highly recommended, dial-up and satellite access may be problematic**)
